

Residents and guests enjoy the annual gala at Arista Care at Cedar Oaks.

Cedar Oaks Hosts Annual Gala

On June 23 AristaCare at Cedar Oaks in South Plainfield hosted its annual gala event. The theme this year was "Hollywood."

The lively tunes of the very talented Julian-Kreations "N" Music could be heard throughout the building while residents, family members, friends and staff danced, clapped and sang along to the upbeat music.

In keeping with the Hollywood theme, those in attendance were in their finest clothes and accessories, including fancy hats, glittery jewels and sunglasses. Residents were interviewed on the red carpet by none other than "Joan Rivers," who just happened to stop by.

Hors d'oeuvres and scrumptious desserts were prepared by the talented dietary staff and enjoyed by everyone.

The mini hot dogs, always a favorite, were made by the world famous Chef Darryl of Piscataway.

The evening concluded with the presentation of the "Academy Awards." Oscars were awarded for categories such as the person with the glitziest outfit, most congenial and funniest, just to name a few. There was a special honorary award to our administrator, Morris Wiesel, who is a dancing machine.

Needless to say, memories were made and a fun time was had by all who attended.

Congratulations to the staff, residents and families who worked diligently with a team from Hollywood, directed by none other than "Francis Ford Coppola," with Terry Guy, activity director, by his side.
